About me

I am a BS IT student with a keen eye for design and a passion for technology. As a Canva and Web Design expert, I create modern, impactful visuals that stand out. Currently, I am enhancing my skills in web Development to build dynamic and user-friendly websites. I thrive on combining creativity with technical knowledge to deliver high-quality digital solutions.

Technical Skills

- Strong command of Microsoft Office tools (Word, Excel, PowerPoint) for efficient documentation.
- Creative designer with advanced skills in Canva for branding, social media, and print content.
- Competent in Frontend Design-building modern, mobile-friendly layouts with HTML and CSS.
- Expanding expertise in Web Development-currently learning JavaScript and related libraries.

Education

Bachelor of Science in Information Technology (BSIT)
Government College Women University Faisalabad (GCWUF) – Faisalabad, Pakistan
Expected Graduation: 2027

Certification

- **Introduction to Cybersecurity**
  Cisco Networking Academy
